Mrs. Gast stated that she has a letter from the State which says that she will receive a license as soon as the building is completed according to specifications. Attorney Fleming also stated that the lot size does meet the required frontage and set-back regulations and does not need any subdivision approval. The cease and desist order, which had been placed on the construction until Selectmen could clarify the points in question, has been lifted and construction will proceed.

things. The feeling is so intangible that it is hard to name but it is precious to the soul of a human. I believe that it's the essence of worth. In the gentle, orderly confusion of earnest people in an unrehearsed but well remembered program there is such a solid genuineness that no one could capture on any other recorder but the human mind. It is a thing of the earth and the spirit. We gather together to honor our people whose spirit we still feel and whose bodies are in the quiet earth warmed by the spring sun. Once our fathers, mothers, grandfathers and grandmothers stood, as we stand, and honored their dead. Someday, we hope and trust, these children in the Brownie and Scout uniforms, in the band and toddling on the sidelines, will recall this moment as they stand here to remember us. Each has his place in the sun. We all do our best to pass to the next generation this country as strong as we can, as beautiful as it is possible to keep it, and with as much integrity as we can preserve.

In the words of Lincoln, "The world will little note nor long remember what we say here," but God willing, they will remember

"Our bank gave us a break on a loan to help us get a break on our heating bills."

Heating costs can take a big chunk out of your budget—especially if you own an old or poorly insulated home.

That's why at Fairhaven Savings and its Dartmouth Banking Center, we're offering a special rate on loans for energy-saving home improvements.

You get one-half a percent off the rate of conventional home improvement loans—which adds up to a substantial saving.

Our energy lending policy applies to insulation, solar heating, siding, and a variety of other improvements. Stop in soon and we'll tell you exactly how to qualify.

We think that saving energy is just as important as saving money.

"Pops on Broadway"

Broadway intersects with Channing Road in Mattapoisett, Allen Street in Marion and Walnut Plain Road in Rochester. Those are the addresses, respectively, of Mrs. Philip Murray, Mrs. Robert Thackeray and Mrs. Walter Greenwood who have those few valuable tickets that are left for the Tri-County Music Association's "Pops on Broadway" set for June 10 at Tabor Academy.

A phone call to any one of the three will give those interested a great present for Father's Day (June 11); a chance to hear some of the most rousing and lilting music from some of Broadway's most remembered shows.

Four vocalists will join John Pandolfi and the Regional Symphonic Band for this exciting evening.

Seating will be reserved for any number up to a maximum of 12 people per table. "Chuck" Ganzel, association president, adds, "you know what happens to those who wait?"

FIELD WALK

There is much wildlife in this area that should be studied, cared for and protected. This Saturday's free field walk will be concerned with the local mammal population. Walk is at 10:00 A.M. this Saturday, May 27th, at the Museum Outdoors.

SATURDAY PROGRAM - May 27th

This Saturday, a special outdoor program will feature the making of steel drums. Len-ny Euart, a fourth grade teacher at Potter

School, will involve all ages in building and playing steel drums. Come join the fun. The program begins at 2:00 P.M. at Russells Mills. A small admission is charged.

Director Edward J. Maguire announces the following cast for the upcoming production of "Pretzels": Trudi Denault, Terri Cabral, Paul Graham and Felix Fournier.

ABUSED AND BATTERED AFTERMATH Editorial - D.C.J.

There is the saying that you can't make an omelet without breaking eggs. Apparently up to now you cannot install a sewer line without smashing trees. Our town is special partly because of our location on a magnificent harbor but also because of green trees which beautify and shade our lives. It has taken more than 25 years to restore the town after the devastating hurricane damage to our trees. The over-large heavy equipment now operating on our streets is wreaking havoc with our trees and most of the damage is preventable with some supervision and care. There is no excuse for the gashes and broken trunks of the trees along our streets. There is no excuse for the smashed sidewalks and in particular there is no excuse for the use of private property and the resulting damage by bulldozers, trucks and other equipment. The Bay Corporation claims they will repair the damage. It takes 25 years to grow a tree such as the one in the photo above with gashed trunk and tons of stone burying its base. "Only God can grow a tree." Only Mattapoisett people really give a damn. Someone from this town should

Enjoy your home more with a Bilco Basement Door

Whether you're going to build a new home or stay in your present one, a Bilco Door will help you to enjoy it more. It makes your basement just as convenient and useful as the rest of your house — easy to furnish and safe for your family's enjoyment.

If your home was built without an outside basement door, adding one now will open up a whole extra floor of valuable space. Space for recreation, hobbies and storage. Bulky articles move directly in and out; no tracking through upstairs rooms.

As a replacement for a wooden door, the rugged all-steel Bilco Door will add beauty and value to your home — while paying for itself by saving repair costs.

Till Your Garden Beautiful

How does your garden grow? If you're using a power tiller on your soil, your flowers and vegetables are probably doing just fine. Here are some tips for tilling safely, from the experts at the Outdoor Power Equipment Institute.

1. Make sure you know how all the controls and attachments work. The owner's manual should be at the top of your must-read list.

2. Avoid the possibility of fire and explosion—don't smoke while you refuel—wipe up spilled gasoline quickly.

3. Stop the engine and make sure parts are not moving if you want to unclog blades, make repairs or refuel.

4. Make sure guards and shields are always in place.

5. Wear heavy-duty, rough-soled shoes for the best footing.

These safety tips should help you—till the roses bloom.

POWERLIFTING CHAMPIONSHIP-REGION I

The Y.M.C.A. of Greater New Bedford will host the Region I Powerlifting Championship on Sunday, June 4, at 10:00 A.M. according to Vincent Goglia, Physical Director.

Athletes from New England, New York, and New Jersey will compete in ten weight classifications for the coveted Region I gold, silver, and bronze medals.

in which the athlete must hold a weight across his shoulders while squatting until his thighs are parallel to the floor; and the deadlift, in which the athlete must lift a weight from the floor to thigh level, straightening his back in one continuous motion.

An unexpected feature of this competition will be the participation of several internationally ranked athletes who were to compete in the upcoming Pan-American Games.

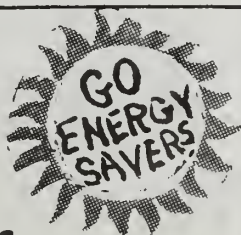

The Games were cancelled, however, due to turmoil in South America. Desiring a large meet in which to attempt world records, these men have expressed an interest in the Y's regional competition. "Since we will have internationally certified officials," Goglia continued, "the lifters' world record attempts will be valid if successfully completed."

An exciting day of competition is anticipated. The public is welcome. Tickets are available at the Y.M.C.A., 25 South Water Street, New Bedford, telephone 997-0734, for ticket information.

Cathedral Camps

The Cathedral Camps, comprising Cathedral Day Camp for Boys and Our Lady of the Lake Day Camp for Girls will open for the 1978 season on July 3rd and close on August 25th. The Camps, operated by the diocese of Fall River on the shores of Long Pond in East Freetown, are an outgrowth of the former Cathedral Resident Camp for Boys which was started nearly 60 years ago. The site on Long Pond is ideally suited for water-front activities, which constitute a major emphasis at the Camps. In addition to daily swimming lessons by certified Red Cross instructors there are lessons in rowing, sailing, canoeing and water skiing. The Camps own a large fleet of boats that are used for these lessons. There are also many other athletic and craft activities, an outside overnight campout program, dramatics, music and other programs. Head Counselors at the Camps are Dennis Kennedy, Diane Metthe and Edward Parr, all teachers. Rev. Leonard M. Mullaney is director of the Camps. For further details call the office at 763-8874 or write to Box 428, East Freetown, Mass. 02717.

Greenery Can Save Fuel

One item in your landscape can screen out an awkward sight, add beauty instead, and save energy and dollars at the same time. It's shrubbery you plant around the outdoor compressor on your air conditioning unit.

Tests being publicized by the American Association of Nurserymen show that air conditioning equipment runs an average of 3-percent less time for the same cooling effect when the outside part is in shade. And if that shade is created by growing shrubs, a pleasant view replaces the sight of machinery.

As for the money saved—the nursery people point out that a 3-percent saving on summer utility bills might well cover the first year's cost of installing the living plants, and after that they're pretty little money-makers.
